Assignment Guidelines

Now it's time for you to apply what you learned during the lessons on an assignment.

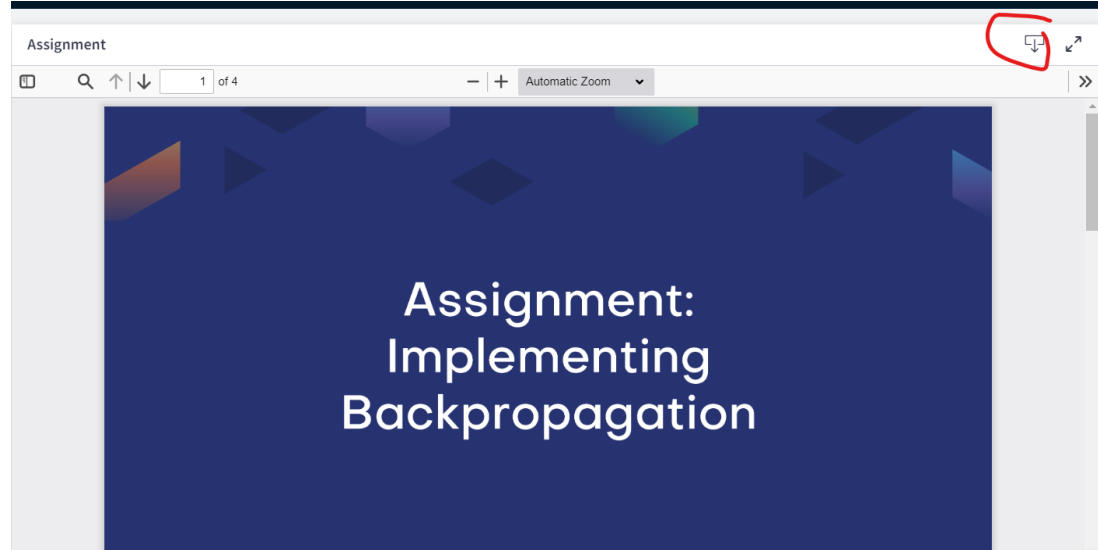

This assignment is graded and should be submitted before your mentoring sessions. Late submissions will not be accepted.

The format of the assignment will be either a **Colab Notebook** or an **exercise** you need to complete.

Assignment Guidelines

Steps to work on the exercise:

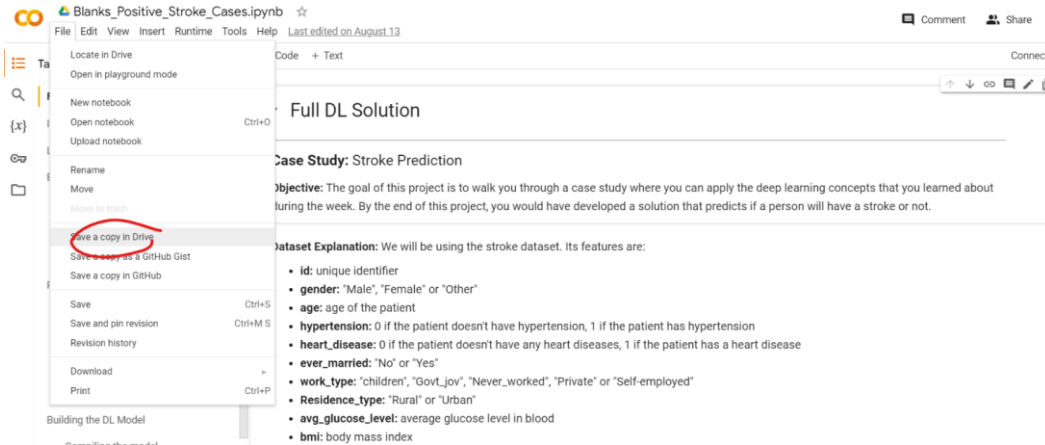

Download the assignment and edit it to add your answers.

Assignment Guidelines

Steps to work on Colab Notebooks:

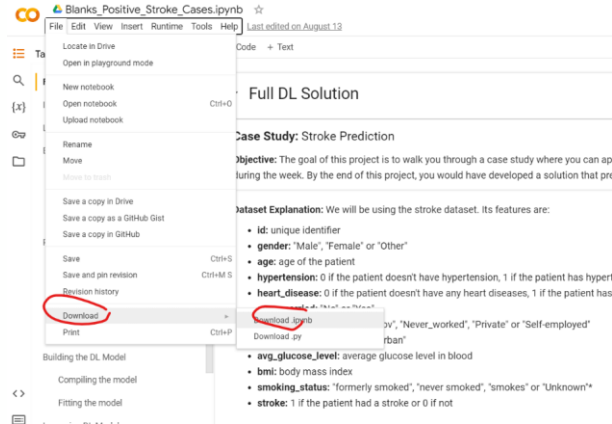

- In the Assignment Lesson, you will find a Notebook with Blanks that you need to fill. Open the notebook and choose to save a copy in your drive.
- Answer all questions, both in the code blocks, and the non-code related questions you might find throughout the notebook.

Assignment Guidelines

Steps to work on Colab Notebooks:

- Once you have finished answering the questions, go to: File → Download → Download .ipynb

Assignment Guidelines

Once downloaded, rename your assignment properly (ax: Assignment 1 – Jihad) and send it via email to your mentor. Check the file attached to the welcome message to find your mentor's email. (The mentor will also share his/her email on the private Slack channel)

Best of luck!
